## ■ Web Based Storage Management System

The screenshot displays the TRACKIT Pro web application interface. The browser address bar shows the URL: <http://trackitpro.sdsexpress.com>. The application title is "TRACKIT pro". The navigation menu includes: Inventory, Products, Deliveries, Customers, Admin, and Help.

The main content area is titled "Query Inventory" and contains an "Inventory Search" form with the following fields:

- Name:
- SKU:
- Company:
- Description:
- Alternate SKU:
- Inventory Condition:
- Lot:
- Serial Number:
- Low Inventory:
- Start Date:  today
- End Date:  today

Below the form is a "search" section with a "Print All" button, an "Export" dropdown menu, and a "Results Per Page" dropdown menu.

The search results are displayed in a table with the following columns: Name, Description, SKU, Lot, Serial Number, Start Date, End Date, Expiration Date, and Condition. The table contains two rows of data:

Name	Description	SKU	Lot	Serial Number	Start Date	End Date	Expiration Date	Condition
